**Preface**

xv

1. Hyperglycemia during Pregnancy: Epidemiology and Public Health Relevance

   Anil Kapur

2. Hormono-metabolic Adaptations in Pregnancy

   Subhash K Wangnoo

3. Pathogenesis of Gestational Diabetes Mellitus

   Sudip Chatterjee

4. Overweight, Obesity, and Gestational Diabetes Mellitus

   David A Sacks

5. Current Status in Diagnosing Gestational Diabetes Mellitus

   Veeraswamy Seshiah, Hema Divaker

6. Gestational Diabetes Mellitus: Rationale for Screening Glucose Tolerance in Early Weeks of Pregnancy

   Vijayam Balaji, Madhuri Balaji

7. Glycemic Targets and Assessing Glycemic Control in Pregnant Diabetic

   Hemraj B Chandalia

8. Medical Nutrition Therapy in Gestational Diabetes Mellitus

   Navneet Magon, Savitha Padmanabhan, Veeraswamy Seshiah

   Denice S Feig
10. **Insulin in Pregnancy Diabetes**  
Sunil S Gupta  

11. **Continuous Glucose Monitoring in Diabetic Pregnancy: Is it Necessary or Optional?**  
Banshi D Saboo, Praful A Talaviya  

12. **Bariatric Surgery in Women of Childbearing Age**  
Shyam S Kalavalapalli, Akheel A Syed  

13. **Psychosocial Aspects of Diabetes in Pregnancy**  
Bharti Kalra  

14. **Long-term Implications for Offsprings of Mothers with Gestational Diabetes Mellitus**  
Tine D Clausen, Liv Borch-Johnsen, Elisabeth R Mathiesen, Peter Damm  

15. **Neonatal Aspects of Gestational Diabetes Mellitus**  
Ranjan K Pejaver, Maneesha Halkar  

16. **Immunology and Inflammation in Gestational Diabetes Mellitus**  
Chengjun Sun, Sanjeevi B Carani  

17. **Maternal Obesity: Short and Long-term Consequences and Intervention in Pregnancy**  
Per Ovesen, Matte Tanvig, Ditte D Iversen, Christina A Vinter  

18. **Gestational Diabetes Mellitus: Can The Obstetrician Make A Difference?**  
Susheela Rani  

19. **Gestational Diabetes Mellitus: Risks and Treatment**  
Per Ovesen, Charlotte Wolff, Gitte O Skajaa, Dorte M Jensen  

20. **Thyroid Disorders in Pregnancy**  
Rakesh K Sahay, Sri Nagesh V  

21. **Gestational Diabetes Mellitus and Metabolic Syndrome**  
Sidhartha Das, Manoranjana Behera  

22. **Metabolic Syndrome: Perils for Pregnancy and Precursor for Childhood Obesity**  
Shailini Singh
23. Lifestyle Interventions during Pregnancy, Why They have Limited Success: Too Little Too Late 235
   Patrick M Catalano, Sylvie Hauguel-deMouzon

24. Factors Predicting the Development of Type 2 Diabetes Mellitus in Women with Prior Gestational Diabetes Mellitus and Action Plan for Prevention 245
   Yashdeep Gupta, Sanjay Kalra

25. Postpartum Care and Breastfeeding in Gestational Diabetes Mellitus, Benefits for Mother and Baby 263
   Smiti Nanda, Sanjiv Nanda

   Appendix A: North Indian Diet Charts for Women with Gestational Diabetes Mellitus 269
   Appendix B: South Indian Diet Charts for Women with Gestational Diabetes Mellitus 273
   Appendix C: Glycemic Index of Common Indian Foods 276
   Appendix D: Food Exchange List 278
   Appendix E: Calorie Reckoner of Common Indian Food Items 283

Index 285
